IMPORTANT DECISION Brewer Sustains a Verdict Against

Discrimination.
Washington, April 15.—The case of the Western Union Telegraph company ver-sus the Cail Publishing company of Lin-coln, Neb., today was decided in favor of the newspaper by the United States supreme court, Justice Brewer delivering the opinion. The call is a Lincoin news sper, and the nuit was assed upon the allegation that the telegraph company had discriminates against t in the matter of tolls in favor of the Lincoln Joseph oal. Teday's opinion affirmed the deciion of the Nebraska supreme court. It was alleged on behalf of the Call that while that paper was taxed at the rate of 35 per 160 words the Journal was required. to pay only \$1.50 per 100 words. The tole graph company contended that its services to the Call company were a matter of interstate commerce, subject to reguation only by congress and not by state law or by common law, and that as con gress had taken no action the telegraph mpany could not be restrained.

In handing down the opinion of the United States Must Insist on yourt, Justice Brower asked: "Can it be right that the great multitude of inter state commercial transactions are freed from the burdens incurred by the common law as so defined, and are subject to no rule except that to be found in the no rule except that to be tound as statutes of congress? We are clearly of the opinion that this can not be so, and Herald, from Havana, says: Jacob G. Schurman, president of the Cornell Unitary of the common law are
